DUMMER ACADEMY

SOUTH BYFIELD
MASSACHUSETTS

1926-1927

A SCHOOL FOR BOYS

Founded in 1763 by
LIEUTENANT-GOVERNOR WILLIAM DUMMER
Incorporated 1782

HISTORY

PAST

DUMMER ACADEMY holds a unique and dignified position among the secondary schools of the United States. It is the oldest unendowed institution of its sort in this country.

The Honorable William Dummer, by the gift of his estate, made possible the foundation of the Academy which bears his name. He was Lieutenant-Governor of the Province of Massachusetts Bay from 1716 to 1730, acting as Governor from 1723 to 1728 and from the time of the death of Governor Burnet until the arrival of Governor Belcher. His grandfather, Richard Dummer, one of the early settlers of Newbury, was a man of great wealth and liberality. Governor Dummer was born in Boston in 1679, died there in 1761, and his body now lies in the Granary Burial Ground.

By his will, the income from his estate was first to be appropriated to the erection of a "Grammar Schoolhouse to be erected on the most convenient part of my Sd. farm," and after that forever "toward the maintenance of a Grammar School Master in Sd. School." In 1762, a schoolhouse was built; it still stands and is most properly used as a chapel. On March first, 1763, under the charge of the celebrated Master Moody, it first opened its doors and in 1782 the school was incorporated by a Special Act of the Legislature of Massachusetts under the name of "The Trustees of Dummer Academy in the County of Essex." These are the bare facts — rich are the traditions which surround them; dignified the work whose beginnings they record; inspiring the records of the lives of service of the men who went out from this Academy.

Among its early graduates who rose to distinction are the following:

CAPTAIN SAMUEL OSGOOD, who fought at Lexington, and who was Commissioner of the United States, Treasurer, and Postmaster-General.

MAJOR ANDREW MCCLARY, who fell at Bunker Hill.

BRIGADIER MCCLARY, CAPTAINS CLEVELAND, FRYE and GLOVER, in the Revolution.

TOBIAS LEAR, private secretary to George Washington.

RUFUS KING, staff officer, member of the Convention that framed the Constitution of the United States; later Senator.

Fourteen other members of the Continental or the United States Congress.

CAPTAIN EDWARD LONGFELLOW, who served in suppressing Shays's Rebellion.

COMMODORE EDWARD PREBLE and CAPTAIN RICHARD DERBY, of the United States Navy.

THEOPHILUS PARSONS and SAMUEL SEWALL, two Chief Justices of Massachusetts.

SAMUEL WEBBER, President of Harvard College.

ELIPHALET PEARSON and DAVID TAPPAN, Professors in Harvard College.

SIR DAVID OCHTERLONY, Major General of the British Army, Member of the East India Company, Founder of Indian Empire, to whom a statue is erected in Calcutta, stating that he is a graduate of Dummer.

SAMUEL PHILLIPS, through whose agency was founded Phillips Exeter and Phillips Andover Academies.

PRESENT

Should you visit Dummer Academy today you would find an institution ever mindful of the standards of learning and loyalty set by those who have gone before and ever striving by modern progressive methods to improve those standards.

We have a most desirable location, four miles from Newburyport and three miles from the seashore; well protected by the surrounding hills from severe weather but sufficiently above the low lands of the valley to be free from a damp atmosphere. The combination of a beautiful country and the sea air is productive of excellent health conditions. Incidentally, the problems which confront many of our secondary schools because of the outside distractions to be found in the large cities never present themselves for solution at Dummer.

The school aims to discover the possibilities of each student and to train him so that in utilizing his possibilities, he may think clearly and soundly, and, with widened preceptions and strengthened affections, seek eagerly his proper place in the community, render full service, and advance high purposes.

GENERAL INFORMATION

Dummer Academy is located about thirty miles north of Boston on the Boston-Newburyport Turnpike. This gives direct communication to those using motors. The school is also served by the Eastern Division of the Boston & Maine Railroad. Passengers use either Rowley Station (3 miles away) or Newburyport (4½ miles). (Taxi: call Newburyport 836-4.) All mail should be directed: South Byfield, Mass. All baggage, express, and freight go to Newburyport. Telegrams, "Dummer Academy, Newburyport, Mass." Telephones: Principal, 261 M Newburyport, all other calls 8778 M, Newburyport.

EQUIPMENT

THREE HUNDRED AND SEVENTY ACRES of rolling land, bordering on the Parker River, an arm of the sea from Plum Island Sound, on the North Shore of Massachusetts.

THE GOVERNOR'S MANSION HOUSE. (Built 1716.) A fine piece of Colonial architecture, occupied by the Headmaster.

THE PARSONS SCHOOLHOUSE. The principal school building, containing office, library, laboratories, recitation rooms, and an assembly room used in the preparation of lessons.

THE COMMONS. Headquarters for the school life, containing a comfortable gathering place, an adequate dining hall with modernized commissary equipment, and rooms for eighteen senior boys.

MASTER MOODY HOUSE. (Opened September, 1915.) A dormitory for fourteen boys, from ten to thirteen years of age, a living-room, rooms for a married master, all planned so as to give constant oversight and care in pleasant surroundings. The wing of this house, with separate entrance, is arranged for an infirmary.

PEIRCE HALL. A brick dormitory (40x65) opened October, 1918. This building has excellent accommodations for twenty-eight boys, one married master and an assistant; also a living-room, quarters for the Junior School, and a room for Mechanical Drawing. This is the first of a new group of buildings already planned to take care of the growth of the school.

PERKINS HALL. (Opened September, 1925.) A dormitory to accommodate twenty boys and two masters.

THE MASON COTTAGE. Eight rooms, occupied by a master and his family. This is a step towards securing adequate housing for married members of the Faculty.

THE LANG GYMNASIUM. This building of brick, 95x52 feet, was completed in June, 1922. It is named in honor of the principal donors, Mr. and Mrs. William A. Lang, of Melrose, whose gift of \$22,000 to the building fund capital made its erection possible. It contains a playing floor, 68x41 feet, a gallery for one hundred and fifty spectators, a large locker room, offices, etc. This fine piece of equipment will not only meet the needs of the growing school for some time to come, but released for other purposes the old gymnasium.

THE ORIGINAL SCHOOLHOUSE. Dating back to 1763, now remodeled, and used as a chapel.

THE ANNEX. A portable schoolhouse comprising two large, well lighted, well ventilated, and comfortable recitation rooms.

ALL THE BUILDINGS ARE LIGHTED BY ELECTRICITY AND HAVE STEAM HEAT.

WATER PLANT. All the water used about the school is piped from a new artesian well and large springs of fine, pure water.

BASEBALL AND FOOTBALL. Provision is made for these sports on the school property where a beautiful playstead has been made by a generous alumnus of the school.

GOLF LINKS. Students, with the approval of the Headmaster, are admitted to the links of the Ould Newbury Golf Club (located on the school property), at a fee of \$7.00 per year.

TENNIS. Through the generosity of one of the Trustees, Mr. Roland H. Sherman of Winchester, Massachusetts, the school is equipped with two excellent clay courts.

OUTFITS

EACH BOY is supplied with couch, mattress, pillow, double blanket, chiffonier, table, and chair.

HE SHOULD bring a bath-robe, bed slippers, bath towels, common towels, four sheets for bed three feet wide by six feet six inches, pillow cases, napkins and ring, couch cover, two bags for soiled clothes, a small rug (two by four feet), and blankets (four). All articles must be marked with owner's name, not initials.

A COMPLETE OUTFIT of clothing and footwear suitable for outdoor play in all weathers is essential. A gymnasium suit and gymnasium shoes are compulsory.

RELIGIOUS LIFE

WHILE THE SCHOOL is a Congregational foundation, it is in fact non-sectarian. It holds that some positive religion is of very great importance to the developing boy, and seeks to enrich his life by teaching the love of truth and the significance of worship and aspiration.

THE EXERCISES of each day begin with morning prayers. On Sundays, attendance at the morning service of the Byfield Parish (Congregational) Church, or at some other church selected by parent or guardian, is required.

ON SUNDAY AFTERNOONS, those students who have not had sufficient Bible training, meet the Master in a regular course of Sunday School lessons. In the evening, the whole school gathers for a service of song and an address by the Headmaster or a speaker invited to conduct the services.

AS A PART of the school course, regular instruction is given in the Bible as literature.

ATHLETICS

THERE ARE EXCELLENT FACILITIES for all branches of athletics, including golf, tennis, and hockey.

THE REGULAR TEAMS are well supported, but they are regarded as a means and not an end. Games should contribute to the health and enjoyment of all and should be played in the open air whenever possible. Regular out-of-door exercise in some form is required of each student.

DAY STUDENTS, as well as the boarding students, may be required to take physical training.

MUSIC

INSTRUCTION ON THE PIANO AND VIOLIN may be had by special arrangement with Mr. Porell.

The school has an Orchestra, which enables those who have made some progress in music before coming to the school to keep in practice and to have the experience of actual playing with others in concerts and elsewhere.

DRAMATICS

IN 1925 under the energetic leadership of Paul W. Lehman, a club was formed among the students and a series of short plays were given.

THE SUCCESS of the club was so great that Dramatics have made for themselves a permanent place in the work of the school. The work of the club not only contributes greatly to the entertainment of the school, but it also gives the actors valuable training.

MEDICAL ATTENTION

SLIGHT ILLNESS is cared for at the school Infirmary where a trained nurse is always in attendance. Surgical cases requiring X-ray examinations and specialists are treated at the Anna Jacques Hospital in Newburyport, where the services of the best physicians and surgeons of Boston are available.

THE UPPER SCHOOL

THE CLASSICAL COURSE is designed to meet fully the entrance requirements of candidates for the A.B. degree in any university or college.

THE SCIENTIFIC COURSE prepares for Massachusetts Institute of Technology and similar institutions.

THE GENERAL COURSE is designed for those who do not expect to pursue their studies beyond graduation. Emphasis is laid on civics and business practice.

WRITTEN EXAMINATIONS are held monthly and reports are sent regularly to parents.

THE CERTIFICATES of this school, in lieu of examinations, are accepted by all New England colleges (except Harvard and Yale, which admit by examinations only), and by other American universities.

THE JUNIOR SCHOOL

This department covers the work done in the 6th, 7th, and 8th grades of the grammar school and furnishes a thorough preparation for the Upper School. Coordination between the two schools is continually maintained.

As a result, boys who have had the Junior School Course are usually better equipped for the work of the Upper School than those prepared elsewhere and hold their advantages throughout the four years before college. As rapidly as possible the system of admitting to the school only through the Junior School will be adopted.

COURSES OF STUDY

First Year

READING: Supervised outside reading.

MEMORIZING OF TWO HUNDRED LINES OF POETRY.

GRAMMAR: Modern English, Book 11, Klapper, London, Emerson, Bender.

MATHEMATICS: Arithmetic, fractions, decimals, to percentage.

Second Year

READING: Tom Brown's School Days, Snow Bound, Irving's Selection from Sketch Book, English Lyrics from Dryden to Burns.

GRAMMAR: Review of Modern English, Book 11, Klapper, London, Emerson, Bender.
"Concise English Grammar," Kittredge and Farley.

MEMORIZING OF FOUR HUNDRED LINES OF POETRY.

OUTSIDE READING: Ten books from a selected list.

PUBLIC SPEAKING.

HISTORY: Elementary American History and Government.

MATHEMATICS: Review of arithmetic. Algebra as far as factoring.

LATIN: First twenty-five lessons in Ritchie's First Steps.

ADMISSION

STUDENTS are eligible for admission to the first and second year classes of the Junior School or of the Upper School, if qualified as shown by approved records or examinations and satisfactory testimonials as to character. They may, in case of vacancies or by special permission, be admitted into other classes on satisfactory evidence of good character, industry, and average ability.

APPLICANTS for the first year in the Upper School are examined in Arithmetic, Geography, English, Grammar, and the elements of United States History.

APPLICANTS for the Junior School must be more than ten years of age and be able to do the work of the sixth grade in the public schools.

BOYS are entered for the entire year, except in special cases in which it is otherwise agreed in writing before entering.

NO STUDENT will be retained in the school whose removal, either permanent or temporary, is believed to be for his best interest and that of the school. No reduction or allowance will be made in case a pupil is suspended or expelled, but in case of prolonged absence for sickness, the Trustees may share the loss equally with the parent.

NO STUDENT is allowed to remain at the Academy during the regular vacations except by special arrangement made with the Headmaster.

EXPENSES

Day pupils pay \$200 a year, if residing in the Parish of Byfield, or \$250 if residing outside the Parish of Byfield.

Boarding pupils pay \$1,000. (See also Scholarships.)

There is also a laboratory fee of \$10 in Chemistry or Physics. There is an athletic fee of \$20.

Books, stationery, and similar supplies are furnished at list rates.

Laundry is charged at list rates.

There is a cartage charge on all express matter.

Breakage by students is charged to the individual accounts when possible, otherwise to the students pro rata.

Save in the two upper classes, spending money should be paid only through the school, from a deposit placed with the school for that purpose.

The school cannot advance money for the student's needs.

TIME OF PAYMENT

A boarding pupil is required to deposit \$15 at the time of application. This is applied on the final June bill for incidentals, and the balance, if any, is refunded.

The fee for day pupils (\$200 or \$250 a year) is payable in advance as follows: One-half at the opening of the Fall term, and one-half on January 1st. The fee for boarding pupils, \$1,000, and an athletic fee of \$20, must be paid as follows: \$520 at the opening of the Fall term, \$500 January 1st.

No boarding pupil will be definitely assigned a room until the first payment of \$520 is made.

All other charges are payable January 1st, April 1st, and June 1st.

PERMANENT FUNDS, SCHOLARSHIPS AND PRIZES

GOVERNOR SCHOLARSHIPS

William Dummer, the founder, Lieutenant-Governor and acting Governor of Massachusetts Bay Colony, provided in his will that the income from his dwelling-house, farm, and real estate in the Parish of Byfield should be appropriated to building a grammar school house, and thereafter toward the maintenance of a grammar school master.

The income of his estate is applied to the maintenance of the Master. This is carried out through the establishment of Governor Scholarships of a value equivalent to the annual income. These are awarded annually to boys coming to the school from the Parish of Byfield as day pupils, upon their giving satisfactory evidence of good character, industry and ability. The First Governor Scholarship is equivalent to \$200, and it entitles the boy found by the Master best qualified among those eligible, to attend the school free of tuition for a year.

MOODY KENT FUND

\$500.00

Moody Kent, of Concord, New Hampshire, a student in the Academy in 1797, by his will in 1866 bequeathed \$500, the income to be expended in the purchase of medals with suitable devices or engravings thereon, not less than two nor more than ten each year, to be given to such scholars or pupils as shall, in the opinion of the Trustees, be best entitled by their good behavior and attainments to such marks of distinction, and would be most likely to profit by them; not more than one medal to be given to any individual and none to be given to any individual who has not been at least one year at the Academy.

By an Act of the Legislature of Massachusetts, 1909, Chapter 74, the Trustees of Dummer Academy in the County of Essex were authorized to use the income of the Moody Kent Fund for diplomas and other prizes to such students as said Trustees from time to time shall deem deserving instead of for medals as provided in the will of Moody Kent.

On Commencement Day each year six prizes of \$10 each are awarded for the highest standing in the following subjects: English, Classics, Modern Languages, Mathematics, Science and History.

STICKNEY FUND

\$10,000.00

Sarah Hale Stickney of Lowell, Massachusetts, by her will allowed July 10, 1883, gave a legacy of \$10,000 to be known as the Stickney Fund, in memory of her honored father, Samuel Stickney, a former pupil and for many years a Trustee of the school, and of his interest in the Academy and in the cause of education and religion, the income to be used for the support of instruction and for the benefit and advancement of the Academy.

The income is used for the Stickney Fund Teaching Foundation.

CYRUS WOODMAN FUND

\$1,000.00

Cyrus Woodman of Cambridge, Massachusetts, a Trustee of Dummer Academy from 1881 to his death in 1889, bequeathed the sum of \$1,000 which was given to the Academy, to be known as the Cyrus Woodman Fund, the income only to be used for the general purposes of the school.

EDWARD S. MOSELEY FUND

\$2500.00

By his will allowed in 1900, Edward Strong Moseley, a trustee of this academy from 1852 to 1900, gave \$2500, the income to be used for the general purposes of the school. Mr. Moseley succeeded his father, Hon. Ebenezer Moseley (1815-1839), on the Board and was in turn succeeded by his son, Charles W. Moseley (1883-1908). This Fund was the last of his many benefactions to Dummer Academy.

EWELL FUND

\$100.00

John Lewis Ewell, who graduated from the Academy in 1856, by his will allowed in 1910, bequeathed \$100 to be known as the Ewell Fund, the income only to be used and to be expended by preference in books illustrative of the Bible or aiding in its study.

STERNS FUND

\$500.00

Mrs. Harris O. Poor and Mrs. Charles Swan in December, 1913, gave the sum of \$500 to be called the Sterns Fund, in memory of their father, Samuel Sterns of Bangor, Maine, a student in the Academy in 1859; the income to be awarded each year to some deserving student for the purchase of text books, or the principal, with the approval of the donors, to be used as a student loan fund.

NEWBURYPORT CHAPTER, DUMMER ALLIES FUND

\$2,000.00

On April 9, 1912, the Newburyport Chapter of Dummer Allies made a gift of \$300, with the intention of making further gifts from time to time until the several gifts, together with interest

at 4 per cent, should be equivalent to \$2,000; and thereafter the Newburyport Chapter of Dummer Allies should have the right to nominate each year, subject to the approval of the Master, a day student to be educated at the Academy without further charge for tuition, under a scholarship to be called the Newburyport Chapter of Dummer Allies Fund.

NEWBURY CHAPTER, DUMMER ALLIES FUND

\$100.00

On September 11, 1913, the Newbury Chapter of Dummer Allies gave the sum of \$100 to be used as a loan fund for deserving students, to be repaid by them to the permanent funds of the Academy.

They also give each year two scholarships of \$25 each, as additional aid to students from the Parish of Byfield.

CHARLES W. MOSELEY FUND

\$2,500.00

By his will, Charles W. Moseley, Esq., of Newburyport, Mass., a student of the Academy in 1861, and a Trustee from 1883 to 1908, gave to the Academy \$2,500 as a permanent fund, stating that he did so inasmuch as his grandfather, his father and he had been Trustees of the School. The income of the fund is to be used for general purposes.

ADAMS FUND

\$2,500.00

In July, 1924, Stephen D. Adams, of Reading, Mass. (Dummer 1890), gave \$2,500 in memory of his father, Deacon Leonard Adams of Byfield (Dummer 1854).

EDWARD PARISH NOYES FUND

\$17,140.00

In 1915, Mr. Joseph Lee of Boston gave the sum of \$17,140, stating that "my purpose in making the gift, besides helping the Academy, in which I have a thorough belief as embodying

a valuable tradition and being an excellently conducted school, is to provide some appropriate memorial to Edward Parish Noyes." Mr. Noyes was of the Class of 1873 and a Trustee from 1895 to his death in 1913. Part of the fund was used, with other gifts, toward erecting the Master Moody House and Peirce Hall. The income from the fund is used for the Edward Parish Noyes Teaching Foundation.

GOODWIN ATHLETIC PRIZE

Each year Mr. Frederick Howard Goodwin, of New York City, provides a prize for the best all-around athletic record of the year.

AMBROSE PRIZES FOR DECLAMATION

Each year Mr. Fred A. Ambrose, of the Class of 1876, gives the money for three prizes for Declamation, to be awarded on Commencement Day: First Prize \$25, Second Prize \$15, Third Prize \$10.

MORSE FLAG

In 1913, the Rev. Glenn Tilley Morse, in memory of his ancestor, Anthony Morse, one of the first settlers of Newbury, made a gift whereby an American Flag should be awarded annually to the student of the graduating class whose record in all respects meets with the highest approval of the Faculty.

WASHINGTON AND FRANKLIN MEDAL IN AMERICAN HISTORY

A prize, offered by the Sons of the American Revolution, is awarded each year for the greatest proficiency in American History.
